For Immediate Release

Rig Source, Inc. Welcomes Tom LeDonne to Team

Elburn, IL – Rig Source, Inc., a leading drill rig supplier, adds Tom LeDonne, an industry veteran, to their team of experts. Tom will be focused on supporting the geotechnical drilling market in the Midwest.

Having earned his degree in civil engineering with an emphasis in Geotechnical, LeDonne began an exciting career in the fields of and related to Subsurface exploration, design, and Equipment sales. He's since acquired over five decades of experience in the industry; earning outstanding accolades for his work in the field as well as his mentorship in leadership positions such as President at Diedrich Drill. His longevity in the industry attests to the fact that he is a wealth of knowledge.

LeDonne is passionate about the geotechnical field and enjoys the challenges associated with each individual task. "Every boring is unique making this line of work unpredictable. To succeed, it involves sound judgement and the right equipment," explains LeDonne. "I'm excited for the opportunity to work with Rig Source where I can support drillers by sharing my knowledge and use my drilling expertise to fit them with the proper equipment to get the job done."

Based in LaPorte, Indiana, LeDonne will focus on new and used drill rig and tooling sales, primarily visiting customers in the Midwest. LeDonne will remain available to assist all Rig Source clients, at any time, when his expertise is needed, and is eager to stay connected and continue serving his longtime customers. "We are proud to welcome Tom to our team as one of the most respected Geotech sales support people in the country" states Mike Crimaldi, President at Rig Source, Inc. "I've been working with Tom in the drilling industry for over 30 years and his professionalism and character can't be beat."

Rig Source, Inc., based in Elburn, IL, is a drill rig supplier providing new and used drill rig sales, rentals, service and support to the Geotechnical and Environmental drilling industries. We stock and maintain an assortment of drills from top manufacturers to meet a variety of needs and budgets while delivering an unprecedented degree of customer service.
